INVESTING IN MANUFACTURING COMMUNITIES PARTNERSHIP (IMCP)

- Supports communities in enacting long-term economic development implementation strategies :
 - Encourage inter-governmental/public-private collaborations
 - Create a competitive climate for communities to attract manufacturing jobs and investment
- Designated “manufacturing communities” will have “preference and priority” to 35 federal programs totaling \$1.3 billion
- EPA Support: Outreach webinars and round tables, personal counseling and application review, with special efforts to focus on smaller communities and tribes

-
- Opening of application period - **October 31, 2014**
 - Applications due – **January 20, 2015**
 - 12 to 18 designated communities announced - **March 16, 2015**
